Mae'r tabl cyntaf yn dangos y gymhareb ffafrio ar ôl y cam "dyranu i Grŵp". Mae'n ofynnol i ymgeiswyr Sylfaen yn gyntaf ffafrio y "Grwpiau" yng Nghymru, sy'n ymwneud â phob un o'n Byrddau Iechyd.

Mae'r ail dabl yn dangos y gymhareb ffafrio ar ôl y cam "dyranu i Raglenni". Mae'n ofynnol i ymgeiswyr Sylfaen ddewis y rhaglenni sydd ar gael o fewn eu Grŵp/Bwrdd Iechyd a neilltuwyd iddynt. Mae gan rai Byrddau Iechyd raglenni wedi'u rhannu dros ranbarthau llai (h.y. BIP Betsi Cadwaladr, BIP Cwm Taf Morganwg a BIP Hywel Dda), a lle mae hyn yn wir, mae'r dewis cyntaf ar gyfer y rhanbarthau hyn hefyd wedi'u cyfrifo.

Sylwch fod gan BIP Caerdydd a'r Fro, BIP Aneurin Bevan a BIP Bae Abertawe gymhareb o 1.0 gan nad oes rhaniad rhanbarthol o fewn y Byrddau Iechyd hyn.

The first table shows the first preference ratios after the "allocation to Group" stage. Foundation applicants are required first to preference the "Groups" in Wales, which relate to each of our Health Boards.

The second table shows the first preference ratios after the "allocation to Programmes" stage. Foundation applicants are required to preference the programmes available within their allocated Group/ Health Board. Some Health Boards have programmes split over smaller regions (i.e. Betsi Cadwaladr UHB, Cwm Taf Morgannwg UHB and Hywel Dda UHB), and where this is the case the first choice preferences for these regions have also been calculated.

Please note that Cardiff & Vale UHB, Aneurin Bevan UHB and Swansea Bay UHB have ratios of 1.0 as there is no regional divide within these Health Boards.
